

March Newsletter

Dear Families,

We had fun exploring the theme of Love and Friendship this past month. We learned that being a good friend means developing skills such as cooperation, sharing, giving and accepting compliments and apologies. We hope that we have all become a bit more caring and friendlier over this past month!

Now with the days getting longer and Springtime just around the corner, we leap into March with a renewed sense of excitement!

Our Antarctica unit study is coming to an end. We studied the animals of the region, their habitats, ice formations and the rise in climate for this continent. The children have learned simple facts about Antarctica penguins, seals, albatross, krill, and midge. Please ask your children to share what they know such as: What can this animal do? What do they eat? What are they good at? How does this animal travel across the continent? How do they stay warm in such cold conditions? What kind of people live in Antarctica?

Outdoor play with warm days just around the corner we will be taking the children outdoors. Please be sure to send along appropriate clothing for your child and have him/her wear closed, rubber-soled shoes.

Spring Break Spring Break is March 16th through March 27th. We wish you and your family a wonderful break and See you Monday, May 30th.

Field Trip We are in the process of planning a field trip in the Spring to the Blue Heron Nature Reserve. We will announce the date and venue soon.

Summer Camps Summer camps are for children between the ages of 3-6 years old (or entering grade 1). In these camps, children get a mix of art, song and movement, outdoor play as well as sensory and science-themed activities. Camp dates, themes, pricing, and registration forms can be found on our website or speak with one of the teachers for more information.

Summer Camp Themes: Week 1 (July 6-10) Interesting Insects
Week 2 (July 13-17) Under the Sea
Week 3 (Aug 10-14) Walking with the Dinosaurs
